Custom Moulding Price Schedule

Tooling, setup and shop charges for custom and milled-to-order profiles · Effective October 2026

Moulding is priced per lineal foot by species and section on your written quote. The charges below are added per profile. Knives are ground in-house at NW Houston / Tanner Rd, and every new knife stays on file — a reorder never pays for tooling twice.

1 · PROFILE TOOLING

ITEM	CHARGE	NOTES
Library profile — knife on file	**No charge**	Stocked profiles and the milled-to-order library. The knife already exists, so only setup applies. Each profile page carries its spec sheet.
New profile knife	**$45 per inch of width $150 minimum**	Ground in-house and held on file at UWP — reorders carry no knife charge. Width is measured across the finished profile. Non-refundable once ground.
Section drawing for approval	**Included**	Every new knife starts from a dimensioned section drawing you sign off before steel is ground.
Profile match from a sample	**$75**	Field piece or sample traced and drawn. Credited in full when the run is ordered.

2 · SETUP — PER PROFILE, PER RUN

ITEM	CHARGE	NOTES
Under 100 LF	**$150**	Short runs — repair lengths, a single room, a match to existing trim.
100 – 399 LF	**$95**	Charged once per profile per run.
400 LF and over	**Quote only**	Packaged and unit quantities. Setup is built into the quoted per-foot price — call the shop or send the takeoff.

3 · SHOP SERVICES & RUSH

ITEM	CHARGE	NOTES
Shop rate	**$125 per hour**	One-hour minimum per job. Ripping, resawing, sanding, cut-to-length, special machining and drawing revisions after the first.
Rush	**+25% of the order $100 minimum**	Ahead of the quoted lead time, when the shop schedule allows. Confirmed in writing before the run.

ORDER TERMS

1. Minimum order: $250 of moulding. Tooling, setup and shop charges do not count toward the minimum.
2. A 50% deposit is due on any order that needs a new knife. Balance at pickup or delivery, or on approved account terms.
3. Footage runs within ±10% of the quantity ordered and is billed as run.
4. Lead time 7–14 days. Custom runs cannot be returned once milled.
5. Pickup at NW Houston / Tanner Rd (9915 Tanner Road). Delivery quoted by destination zip.

WORKED EXAMPLE

250 LF of a new 5-1/4" crown profile

New knife (5.25 in × $45)	**$236.25**
Setup (100 – 399 LF tier)	**$95.00**
Tooling + setup across the run	**$1.33 per LF**
Reorder, same profile, 250 LF (no knife)	**$95.00**

Prices in USD, before sales tax. The written quote governs; this schedule is subject to change without notice.
