MOULDING · STAIR PARTS · MILLWORK

PROFILE CATALOGUE · VOLUME 01 · 2026

Moulding & *Millwork*

191 profiles, each drawn from its section and printed to a stated scale — base, transitions, casing, crown, wall and panel, door and window, S4S and millwork. Stocked first in every chapter, then special order — and 1,390 more in our profile library, milled to order.

NW Houston / Tanner Rd
uniquewoodproducts.com

ABOUT THIS CATALOGUE

Specify by section, not by photograph.

Every profile in this book is shown as its cross-section, drawn to a stated scale, with its size in decimal inches and the will-call code the counter rings it up under.

We are a Houston millwork supplier — mouldings, stair parts, trim and custom runs for architects, builders and the dealers who serve them, since 1988. The primed program is stocked at NW Houston / Tanner Rd for will-call. Library profiles and hardwood runs are milled to order on our own moulder, and a profile we do not carry can be matched from a sample or a drawing.

CRAFTED IN-HOUSE SERVICE-DRIVEN TRADE-PROVEN

CONTENTS

01 Base Shoe, Quarter Round & Cove 6 profiles 5
02 Baseboard 46 profiles 9
03 Flooring Transitions 10 profiles 22

— Custom runs 73
— Ordering & will-call 74
— Index by SKU 75

Fig. 01 A profile leaving the moulder. Illustrative.

SPECIES & MATERIAL CODES

Read the order code by its suffix.

Every order code is the profile number followed by the material: **126** + **RO** is **126RO**, base shoe in red oak. Primed codes add the length in feet: **126PR-12**.

PR

Primed FJ Pine

Finger-jointed pine, factory primed. Paint grade.

RO

Red Oak

Open grain, warm cast. Milled here.

WO

White Oak

Tight, straight grain. Milled here.

HK

Hickory

Strong figure, the hardest of the set.

MP

Maple

Close grain, pale and hard.

PIN

Pine

Clear solid pine. Written PINE on some codes.

PO

Poplar

Smooth and stable; the paint-grade hardwood.

—

Walnut

Dark, even and fine-grained. Code on request.

FLEX

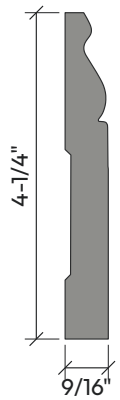

Flexible

Bendable for curved walls. 12 ft lengths.

Also run to order: Primed MDF and Knotty Alder. Natural colour varies board to board; swatches are unfinished.

UW410 BASEBOARD

0.563" × 4.250"
9/16" × 4-1/4"

STOCKED · WILL-CALL

Primed FJ Pine 16'	**410PR-16**

1. **SKU and type.** The profile's catalogue number. Quote it on drawings and purchase orders.
2. **Size.** Thickness × width in decimal inches, with the shop fraction below. Flooring transitions read width × height. Crowns stated by projection are marked.
3. **Section.** The milled cross-section as installed, dimensioned — back to the left, face to the right, top up. Crown and bed mouldings are drawn sprung. Each profile type prints at one scale through the whole book, stated with a scale bar in the page header, so a 3-1/4" base never looks larger than a 5-1/4" one.
4. **Stocked · will-call.** On the shelf at Tanner Rd. The teal code is the whole code the counter uses — profile, material and length. Never quote the suffix alone.
5. **Special order · 2–5 days.** Brought in to order. Each material is listed with its item number in maroon — quote it on the order. Profiles marked *milled to order* are run on our own moulder.

ORDER CODE ANATOMY

410	PR	-16
PROFILE	MATERIAL — PRIMED	LENGTH IN FEET

S4S boards carry the species in the code: 14PR-17 is a primed 1x4 in 17 ft; 14RO, 14WO, 14HK and 14MP are red oak, white oak, hickory and maple.

LENGTHS

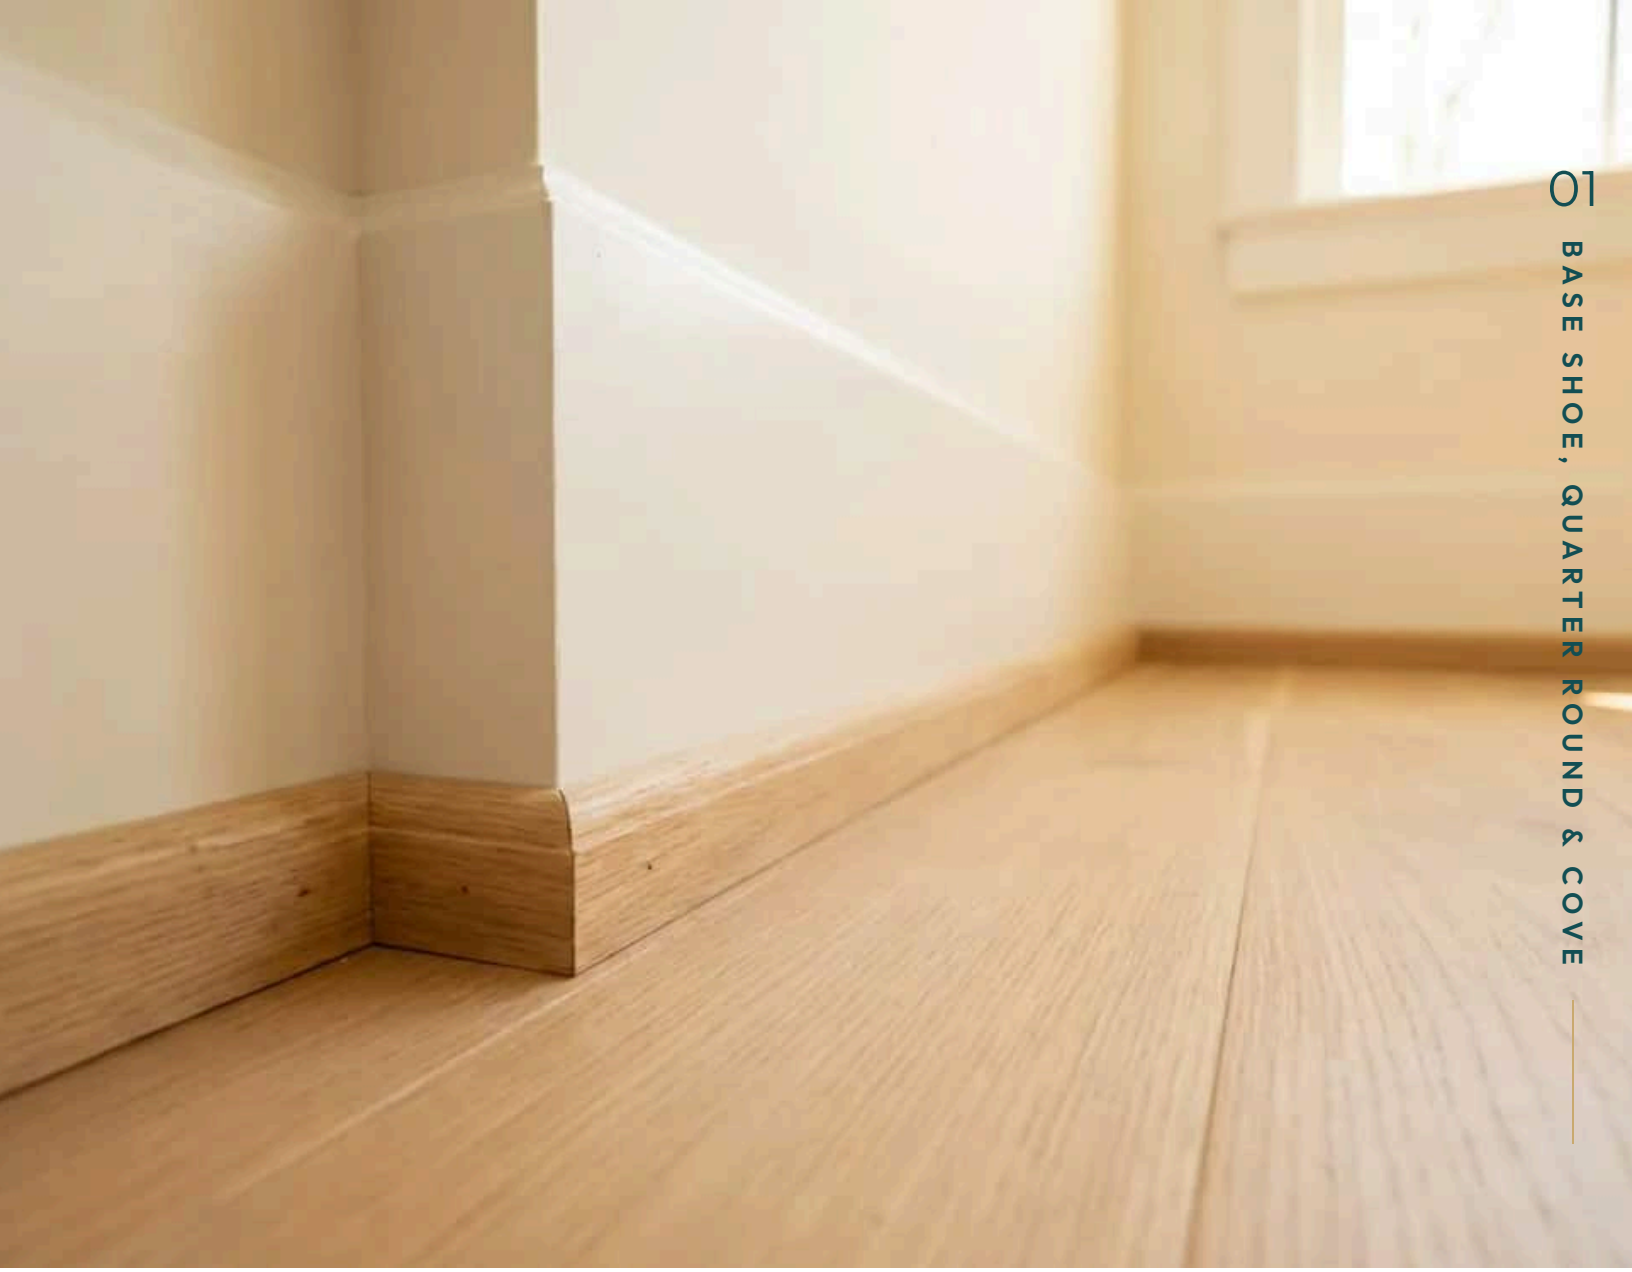

Trim is sold in 16 ft lengths and up. Flex runs 12 ft. Solid hardwood is random length, milled here.

SOURCES

Stocked sections are drawn from our knife-gauge sections; the rest from the profile's catalogue drawing, scaled to its stated size. For a knife-critical match, ask for the 1:1 spec sheet or a sample stick.

DRAWINGS & DXF

Product pages at uniquewoodproducts.com carry the shop drawing and DXF for every stocked section.

01 Base Shoe, Quarter Round & Cove

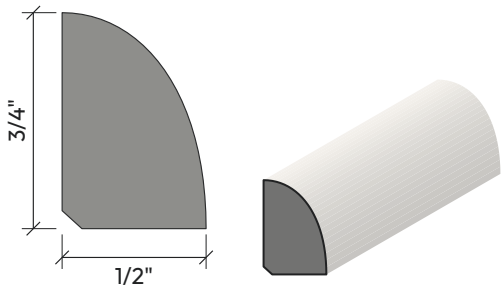

Our most-ordered profiles. Base shoe, square shoe, quarter round and cove close the joint between floor and wall, cover the expansion gap a hardwood floor needs, and follow a floor that is not dead flat. Stocked in primed finger-joint pine, the hardwoods and flexible for curved walls.

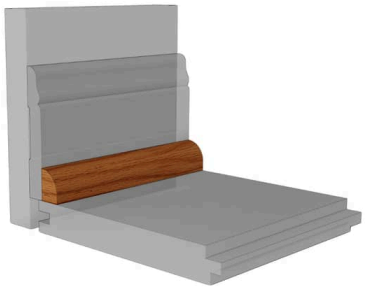

BASE SHOE & QUARTER ROUND 3 **COVE MOULDING** 1 **SPECIAL ORDER** 2

Fig. 02 Base shoe at an inside corner. Illustrative.

1X24	SPECIAL ORDER any species, quoted per job					

Primed boards are stocked in the length the code states (14PR-17 = 17 ft). Species codes carry no length — confirm length when ordering. Sizes are actual, not nominal.

10

Millwork

Shiplap, tongue and groove, wall paneling, countertops and solid wide-plank floor — run on the same moulder as the trim in this book, in the hardwoods we stock. Every board is supplied unfinished and sanded, kiln-dried to 6–8% moisture content.

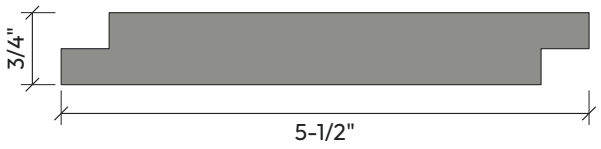

SHIPLAP REVEALS 4 **T&G CUTS** 4 **PANEL PROFILES** 6 **COUNTERTOP BUILDS** 3

Fig. 21 An oak study in run-to-order paneling. Illustrative.

WALLS & CEILINGS

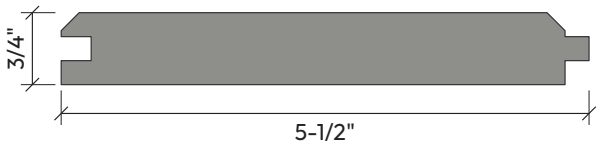

Shiplap and tongue & groove.

Shiplap RABBETED, 1/2" LAP

Four reveals from the same lap: **flush**, **1/8"** fine shadow line, **1/4"** nickel gap and **1/2"** bold reveal.

Tongue & groove 1/4" TONGUE

Four cuts: **V-groove** (3/16" chamfer each arris), **nickel gap** (3/16" reveal), **edge bead** and **edge & centre bead**. Shown: V-groove.

SIZES · ALL 3/4" THICK

NOMINAL	ACTUAL	COVERAGE
1×4	3/4" × 3-1/2"	3-1/4"
1×6	3/4" × 5-1/2"	5-1/4"
1×8	3/4" × 7-1/4"	7"
1×10	3/4" × 9-1/2"	9-1/4"
1×12	3/4" × 11-1/4"	11"

1×6 is standard. 1×10 and 1×12 subject to availability. Shiplap coverage at a 1/4" reveal; T&G coverage is the face width. Custom widths and thicknesses milled on request.

SPECIES

Poplar | Red Oak | White Oak | Hard Maple | Walnut | Hickory

Poplar is the paint grade. Cypress and other species are milled to order.

FINISH	Unfinished, sanded
MOISTURE	Kiln-dried, 6–8% MC
TOLERANCE	Thickness ±1/32" · face ±1/16"
LENGTHS	Random unless fixed lengths are specified
ALLOWANCE	Order 10–15% over net coverage

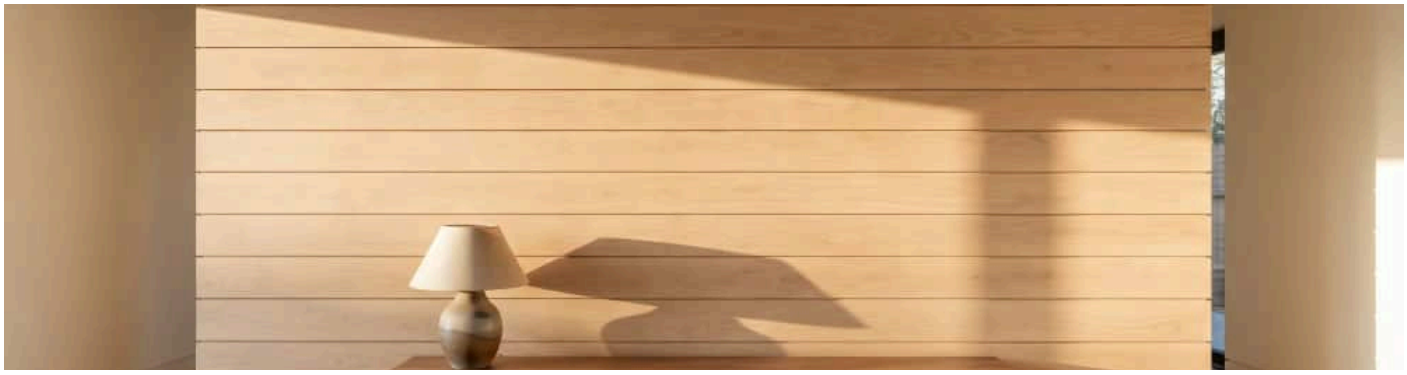

Fig. 22 Nickel-gap shiplap on a feature wall. Illustrative.

WALLS & CEILINGS

Wall paneling and cladding.

Six milled profiles for cladding and tambour walls, run from standard 1×6. Custom thicknesses and widths on request.

Round
CLADDING

Cove cut
CLADDING

Bevel
CLADDING

Double bead
TAMBOUR

Cove cut
TAMBOUR

Double cut coved
TAMBOUR

SLAT & TAMBOUR

Ribbed and fluted walls, ceilings and fronts. The slat gap is set with a spacer on site, not glued to a backer.

FRAMED PANEL

Rails, stiles and panels with the panel mould, chair rail and base from chapters 02 and 06 of this book.

CLADDING

Board-face walls and ceilings in round, cove-cut or bevel, fixed to furring at 16–24" centres.

SPECIES

Poplar · Red Oak · White Oak · Hard Maple · Walnut · Hickory

Other species quoted.

FINISH	Unfinished, sanded
MOISTURE	Kiln-dried, 6–8% MC
STOCK	1×6, 3/4" × 5-1/2"

Fig. 23 A slat wall in run-to-order paneling. Illustrative.

FLOORS & SURFACES

Wood countertops.

Special order, glued up on Tanner Rd to the size on your drawing — island, run or bar top. Each top comes with a spec sheet, an ANSI A shop drawing and a DXF.

Wide plank
Face grain · 1-1/4" or 1-1/2" thick

Edge grain
Butcher block · 1-1/4" or 1-1/2" thick

End grain
Checkerboard · 1-1/2" thick

SIZE	Width 18–72" · length 24–192". Larger is a special glue-up, quoted.
THICKNESS	1-1/4" or 1-1/2"; end grain 1-1/2". Thicker by quote.
EDGES	Square or 1/8" eased
FINISH	Unfinished, sanded to 120 grit · top only, no install
MOISTURE	Kiln-dried, 6–8% MC
TOLERANCE	Length and width ±1/16" · thickness ±1/32"
MINIMUM	One piece

SPECIES

White Oak | Walnut | Red Oak | Hard Maple | Hickory

Cherry, ash and sapele run to order.

Fig. 24 A finished island top.

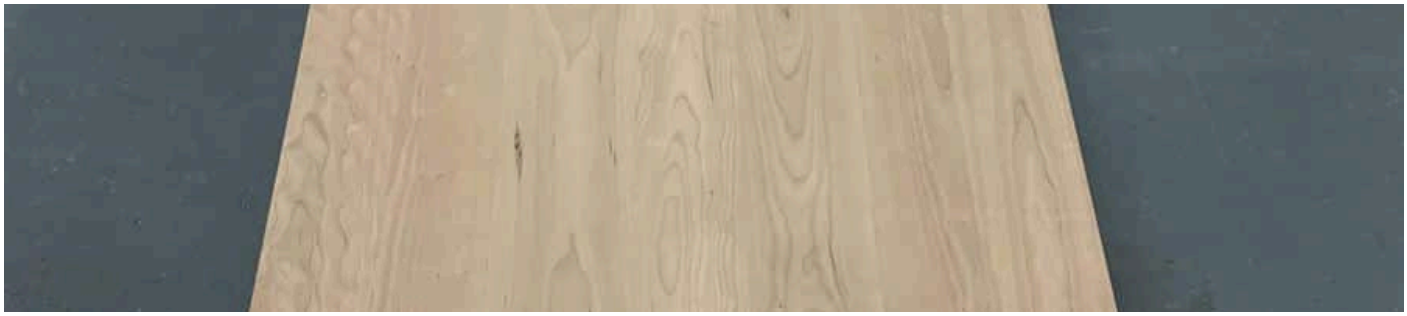

Fig. 25 A top in the glue-up at Tanner Rd.

FLOORS & SURFACES

Solid wide-plank flooring.

Three-quarter solid, milled to order in the widths and lengths strip flooring does not run. Supply only, unfinished.

THICKNESS	3/4" solid
FACE WIDTH	6" to 11"; wider by quote
LENGTHS	Random run to 8 ft · long to 10 ft · extra-long to 12 ft
EDGES	Tongue & groove long edges, butt ends · micro-bevel or square
GRADES	Select & Better · Character (#1 Common)
FINISH	Unfinished

SPECIES

White Oak | Rift & Quartered White Oak | Red Oak | Hard Maple | Hickory | Heart Pine

Reclaimed, European oak and other species by quote.

ORDERING FROM THE LIBRARY

Find it. uniquewoodproducts.com/mouldings — filter by type, style and face height. Each profile has its shop drawing, DXF and a 3D view in every wood.

Specify it. SKU, size, species and footage. The SKU carries the size: UW10001-55 is the 5-1/2" base.

We mill it. The knife is ground to the drawing and kept on file for re-runs. Quoted per job.

NOT IN THIS BOOK

Send the section. We will cut the knife.

Matching an existing profile in a renovation, or detailing a new one for a project, is ordinary work here.

Sample or drawing. A short offcut, a 1:1 drawing, or a DXF.

Section. We trace and dimension it, and send the section back for approval.

Knife. The knife is ground to the approved section, and a gauge kept on file for re-runs.

Run. Milled in the species you specify, primed or unfinished, to length.

Quotes go out with a section drawing, material, footage and lead time. Ask at info@uniquewoodproducts.com.

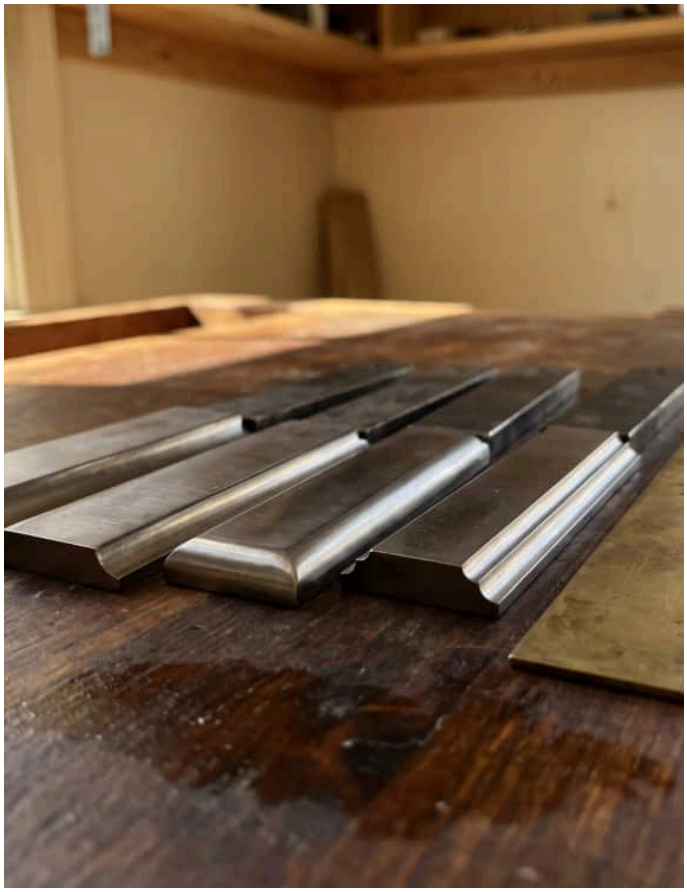

Fig. 29 Profile knives. Illustrative.

ORDERING & WILL-CALL

Quote by SKU. Pick up by code.

QUOTES & ORDERS

Send the SKU, material, footage and finish to **info@uniquewoodproducts.com**. Quotes, purchase orders and scheduling go through the same address.

WILL-CALL

NW Houston / Tanner Rd.
Mon–Fri 7:30 AM – 4:30 PM
Sat 8:00 AM – 12:00 PM · Sun closed

STOCKED PROGRAM

Profiles marked **STOCKED** are on the shelf. Quote the full will-call code.

MILLED & SPECIAL ORDER

Lead times are stated on the quote. Red and white oak are milled here; other species are sourced per job.

DRAWINGS

Shop drawings, DXF and 1:1 spec sheets are on each product page at uniquewoodproducts.com.
